

## Dig Up A Triceratops

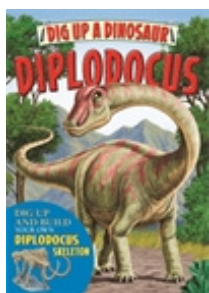

### Description

You're a fossil hunter and you've just discovered a Triceratops skeleton! Learn more about this amazing dinosaur and then press out the model pieces and fit them together to build your model - just like a real paleontologist! This is a brilliant book for all dino fans aged 7 and up.

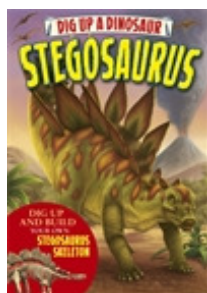

### Key Selling Points

- Press out the model pieces and slot them together to build a fantastic Triceratops model.
- Learn all about Triceratops and other dinosaurs. Find out their size, what they ate and how they lived.
- There are six model boards in the book and really clear instructions to help you build your model. The dinosaur is presented as bones in a rock, so the reader can "excavate" them like a proper paleontologist.
- The model is 35cm long.
- Approx 1,500 words.
