'Possibly a Love Story' by *Olivia Fane*

Olivia Fane's entertaining and insightful new novel tells the story of Laura Glass, her husband Hugo - and the lovers who come to stay.

Laura Glass's life seems perfect. She's beautiful, wealthy, her husband loves her and their teenage kids Leo and Jemima are at good schools.

Then one day Laura's happiness is shattered when she sees her husband kissing a young woman in a doorway. Some of Laura's friends tell her to divorce him; others say ignore it. Instead Laura goes off on an adventure of her own with the beautiful young Jed. On their return, seeing that her husband is still continuing his affair, she invites his lover to live in their home. And Jed too, just, for good measure.

Quite the opposite of a morality tale, POSSIBLY A LOVE STORY is a viciously funny satire on the middle classes and middle-class values, but with a huge heart.

'Her work ... has an almost dreamlike clarity'

Charles Moore, The Telegraph

- Women's fiction that can be an enjoyable beach read or intelligent satire on modern relationships
- Fourth novel by very promotable Olivia Fane writing about a topic that is close to her own well-publicised experience.
- Olivia's most recent non-fiction book Conversations has raised her profile.
- Media coverage already in place in Daily Mail and a documentary on infidelity
